EXPERIENCE

[AWS academy]

- Completed AI/ML-focused AWS Academy internship with project-based learning.
- Designed, trained, and deployed machine learning models using AWS SageMaker.
- Applied cloud-based AI services for image recognition, natural language processing, and predictive analytics.

- Developed skills in data engineering, model evaluation, and AWS deployment best practices.
- AWS Academy AI/ML Internship: Built and deployed ML models with SageMaker, optimized data pipelines, and applied AWS AI services for real-world projects.

PROJECTS

[Flappy Bird Game] | [Html, Css, Java script] | [2023]

- Developed a Flappy Bird clone using Html, Css, Java script as part of a game development project. Implemented smooth physics-based mechanics, collision detection, and procedural pipe generation for an engaging gameplay experience .
- My role was to code it, test it, and improve it.
